Assistant Commissioner for Patents,
Washington, D.C. 20231

Sir:

Responsive to the Notice dated February 13, 2002, there is submitted herewith, in a separate Preliminary Amendment, a paper copy of a Sequence Listing for the above-identified application which has been prepared in accordance with the sequence rules under 37 CFR 1.821-1.825. The Sequence Listing contains the identical sequences appearing in the original application papers. Thus, no new matter has been added.

There is also submitted herewith a copy of the Sequence Listing in computer readable form as required by 37 CFR 1.821(e). The content of the paper and computer readable copies are the same.

A copy of the Notice is also attached as required.

Applicant notes that the Notification of Missing Requirements also indicated that an executed Oath and Declaration of the Inventors needs to be submitted. Applicant wishes to note

that an executed Oath and Declaration was submitted on January 23, 2002. A copy of the submitted executed Declaration is attached herewith along with the cover letter (indicating the filing of the executed Declaration). Applicant respectfully requests that the Patent Office review the application papers to ensure that the executed Declaration is present in the file.

In view of the foregoing, it is believed that each requirement set forth in the Notice has been satisfied, and that the application is now in compliance with the sequence rules under 37 CFR 1.821-1.825. Accordingly, favorable examination on the merits is respectfully requested.

Respectfully submitted,

Kikukatsu ITO
